Pet Social Open Day was a great success!

An exhilarating challenge for dogs and their owners

It was an amazing weekend with the Pet Social Open Day by Puppy School - where owners and their pets get to take part in a unique experience of dog agility, covering both human and dog conditioning, skills building, and handling.

Besides giving dogs a stage to showcase their agility skills, visitors with pets were also able to enjoy the Ice Block Pool, Mini Bazaar, and Social Play sessions for owners to build a stronger connection with their pets,
